Arizona Systems Integrator Benson Systems Joins Schneider Electric Partner Channel

Firm to Offer Full Line of Schneider Electric Products to Customers in the Southwestern U.S.

GILBERT, AZ – December 14, 2009 – Benson Systems, one of the largest independent systems integrators in Arizona and the southwest, has joined the Partner channel of Schneider Electric, the global specialist in energy management and security solutions. As a Partner firm, Benson Systems will offer a full line of Schneider Electric building management, security, video and power management products. These include key Schneider Electric brands such as Andover Continuum building automation and security, Pelco cameras and digital video management solutions, PowerLogic, and PowerLink.

Located in Gilbert, Ariz., Benson Systems was founded in 1986 and serves customers throughout the metropolitan Phoenix area, the state of Arizona and the southwestern United States. The company installs building automation, fire alarm, security camera and sprinkler systems for a wide range of clients including governments, schools, hospitals, hotels, warehouse distribution centers, and a host of small to midsized companies. Benson Systems employs 60 consultants, technicians and support staff and has a fleet of 40 vehicles.

“Benson Systems is committed to incorporating the latest technological solutions to meet each client’s specific needs in an efficient and cost-effective manner,” said Shawn Benson, President of Benson Systems. “Because Schneider Electric offers innovative products addressing all the system needs of modern buildings, this partnership allows us to offer our customers a fully integrated line of products to control, secure and power their buildings.”

“Benson Systems provides seamless integration and unparalleled service for its customers in order to create solutions that are affordable and on the leading edge of technological advancement,” said Robert Klein, vice president, Partners, the Buildings Business of Schneider Electric. “We are pleased to partner with this company to offer Schneider Electric solutions to customers in the southwest.”
